## 1 INTRODUCTION AND WELCOME

The Baja Troia race will take place from May 15th to 18th 2025 in the Canakkale province in the Marmara region of northwestern Turkey.

### FIA

The race will consist of two stages. On May 17-18, it will consist of nearly 400 km of special stages in Salihler, Kuscayiri, Camlica, Dumrek, Serciler regions, which are the surrounding districts of Canakkale. Beforehand, on May 15, Administrative checks and Scrutineering will be carried out and the order in which the competitors will start the race will be determined with the double start Prologue stage, a Baja Troia classic specially prepared for the spectators in the center of Canakkale on May 16. In addition, a Shakedown stage will be prepared before the race so that the competitors can better prepare their vehicles for the race. The race will start on Friday evening with a Ceremonial start on the promenade of the Troy statue, and after 2 days and over 600 km of track, the race will end on Sunday evening with the award ceremony to be held at the Troy Statue. (Centre of Canakkale)

### NATIONAL

This race consists of two stages. On May 17th, and 18th, drivers will navigate a nearly 400 km special stage, winding through the districts of Salihler, Kuscayiri, Camlica, Dumrek, and Serciler. Administrative checks and Scrutineering will be finalized on May 15th. On the afternoon of Friday, May 16th, a prologue stage with dual starts, a signature of the Baja Troia race, will take place in central Canakkale to determine the starting order. This stage is specially designed to engage spectators. Based on their performance in this stage, teams will embark on a challenging 600 km, three-day marathon, starting from the Troy Statue in the afternoon of May 16th. The race will conclude with an award ceremony at the Troy Statue on May 18th.

The organization wishes all competitors a successful and exciting race. Welcome to BAJA TROIA! !

## 2 ENVIRONMENTAL POLICY

The Baja Troia event, which will take place from May 15 to 18 2025, is deeply committed to environmental responsibility. As part of our regional and national efforts, we are determined to make this event, the largest of its kind in the Marmara Region's Canakkale area, as environmentally friendly as possible. We have taken important steps to minimize our impact on the natural areas and forests around us.

The 2025 Baja Troia event, planned for May 15-18, 2025, has been designed with environmental sustainability as a priority.

Based on previous years, we have implemented a series of environmental policies to reduce our ecological footprint.

These measures include:

Waste separation units in service areas

Designated areas for the disposal of damaged parts

Vehicle washing units for racing cars.

If you have any questions or concerns regarding our environmental policies, please do not hesitate to contact our **Environmental Officers:**

Sinan ARIOGUL

Mikail CAKMAK

#### General Information on the Service

For the FIA event, servicing of the car in the Road Sections-Transfer Zones is only permitted by the Crew using only onboard equipment and with no external physical assistance other than from teams with FIA group cars still competing for the current stage relative to each other. Competitors in the National event are free to receive assistance from other competitors (FIA or National) still in the race. Servicing of the car by the Service Team is restricted to taking place within the Service Park only; however, decommissioned cars planned to restart may be repaired outside the Service Park. Permission from the CoC MUST be obtained if repairs are carried out by team members in a selective section. Servicing in an enclosed and/or private location is not permitted. If a car is being serviced inside a closed tent, the Course Officer must be informed, and any official associated with the event must be allowed to enter the tent at any time.

Before the start of the competition, teams can make 3 attempts to change their vehicle settings according to the course in the shakedown stage.

Shakedown will be held on **May 16** , Teams who want to use the Shakedown stage must register for Shakedown at the Rally center until **20:30** on **May 15**.

There will be a refueling point at the Shakedown start area and an empty area for the vehicles to be serviced. Road notes for the Shakedown stage will be given to the team that registers for the Shakedown. **Registration fee for Shakedown :200 Euro**

The prologue stage is a short demonstration stage held before the race to determine the order in which the vehicles will start the race. The prologue stage, which offers a visual feast where the two vehicles start side by side at the same time on a different parallel track, which has become a classic of Baja Troia, and where the difference between the teams is determined by a split second, attracts great attention from the spectators. This stage called Troia will also be run again on the other days of the race as a double start after the forest stage in the morning. It is very easy to reach this stage, which is in the city center. The Prologue stage is planned as 3 laps for vehicles in both categories.

## Friday Tag Start

The Tag start area is in front of the Troy statue in the center of Canakkale province. Before the Tag start time, the vehicles arrive at the Tag Start area and start waiting for the start time. You can see the vehicles closely in this area, the vehicles are monitored by the officers and touching is strictly prohibited. The vehicles arrive at the Tag starting area from the Prologue qualifying stage. When all vehicles finish the qualifying stage, they will leave the tag starting area in the same order according to their scores in that stage. The order is determined just before the last vehicle arrives at the Tag start area, and at the Tag start time, the starting order changes with the new list according to this order. In addition, international competitors competing in the FIA category can be ranked differently among the top 10 teams according to their scores in the Prologue qualifying stage, according to the position selection ceremony.

## Troy Museum

The Troy Museum is situated at the entrance of the Troy Ancient City in Tevfikiye village of Çanakkale. It spans an area of 11,200 square meters and boasts a 3,000 square meter exhibition hall. Construction of the museum began in 2013 and, after a period of delay in 2015, it was completed in October 2018. The museum tour begins with the descending ramp. The niches on the walls of the ramp describe the different layers of Troy through tombstones, sculptures, scene re-enactments, and photographs. The museum's circulation diagram at the entrance explains the science of archaeology, archaeological and archaeometric dating methods, and concepts such as Neolithic, Chalcolithic, Bronze Age, Iron Age, mound, restoration and conservation through diagrams, drawings, texts and interactive methods. The exhibition comprises a variety of artefacts, including stone sculptures, sarcophagi, inscriptions, altars, milestones, Paleolithic axes and cutters, ceramics, metal pots, gold, weapons, coins, bone objects and tools, glass bracelets, ornaments, glasses, perfume bottles and tear bottles. In the museum garden, stone artefacts, sarcophagi, columns, steles, and column capitals are exhibited in a way that integrates with the landscape. In addition to visual graphic designs, the museum also offers exhibitions featuring dioramas (3D models that depict a moment or story with the help of light effects), touch screens, and animations.

The construction of the Troy Museum, in 2013; was started after the Free Participation, Single Stage, National Architectural Project Competition. The Troy Museum, whose construction was completed in 2018, was opened to visitors in Tevfikiye Village as a unit affiliated with the Çanakkale Museum Directorate.

In the Troy Museum, the life of Troy and its cultures, which left their mark in the Troas Region, which went down in history with Homer's Iliad Epic, and its archeological history are told through the artifacts unearthed from the excavations.

While visiting the museum, visitors follow a story divided into seven titles: Archeology of Troas Region, Bronze Age of Troy, Iliad Epic and Trojan War, Troas and Ilion in Antiquity, Eastern Roman and Ottoman Period, Archeology History, Traces of Troy.

### Museum Visiting Hours:

The Museum of Troy is Open Every Day of the Week\*:  
Summer Season 08:30-20:00 Box Office Closing is 19:30
